

THE MADISON CLUB PROMISE

We all understand that there is much more to re-opening the Club during this time than just unlocking the front doors of our historic clubhouse. Keeping our Club family healthy and safe is the most important thing to us. To ensure everyone's safety, we ask that we make the following promises to each other:

OUR PROMISE TO YOU

- We will continue to be a leader in food safety and sanitation practices.
- All of our employees have been trained on COVID-19 safety and sanitation protocols, and have participated in safe food handling certification courses.
- All staff will have their temperature checked upon arrival and will answer all health-related questions prior to entering the Club.
- Appropriate Personal Protective Equipment (PPE including masks and gloves) will be worn by all employees and all will strictly adhere to state or local regulations and guidance.
- Pre-shift meetings will be held daily to review all of our guidelines and procedures.
- All indoor and outdoor seating options will comply with the appropriate social distancing guidelines.
- Sanitation stations are located throughout the club for everyone's use.
- We will apply approved sanitizers on a rigorous sanitization schedule and follow disinfection guidelines nightly for the entire club.
- Certified Food Protection Manager is scheduled for every shift.

YOUR PROMISE TO US

- If you have been exposed to COVID-19 recently or have symptoms of COVID-19 (including fever, cough, or shortness of breath), we ask that you do not come to the Club and instead participate in our virtual events and/or contactless delivery options.
- If you have underlying health conditions or are otherwise concerned about contracting COVID-19, please feel free to use our contactless delivery options.
- While inside of the Club, you will follow and comply with our social distancing and mask guidelines.
- If you have any questions about the Madison Club Promise or our practices, please ask us.
